

Commissioners- Attached are two proposed renderings for consideration as a new logo. Again, it is only a proposal - we can choose one, request revisions, or just reject them both. In terms of color, we can choose whatever colors we prefer. Note as well that the artist, Marion Eisenmann, was just given a copy of the existing logo; she was not given any direction as to a specific design or theme other than we were looking to update same. Below is Marion's website if you are interested in learning more about her and her work. Becky Shevlin
